## WEATHER BULLETIN

Washington, D. C., Aug. 5.—Last bulletin gave forecast of disturbance to cross continent August 4 to 8 and 9 to 13, warm wave 3 to 7 and 8 to 12, cool wave 6 to 10 and 11 to 15, expected to average a little below the usual, with a tendency upward, and by August 11 the great hot wave of August is expected to reach the central valleys. That hot wave is expected to be somewhat similar to the great hot wave predicted in these bulletins, and which occurred on time in July. This August hot wave is expected to continue upward temperatures till near August 17, when the cool wave is expected to take place of the great hot wave.

Not much rain has been expected while the temperatures keep rising, but heavy rains are expected to accompany the cool wave following August 17. These rains will principally be in south and southern sections and from great lakes eastward. During August not much rain is expected in middle northwest nor in extreme northwest. This will be a good distribution of rain for the Spring wheat crop and fair for corn as a whole. We are not expecting excessive rains anywhere on this continent for August except where the tropical hurricane strikes, last days of August. South America will get most of the other August precipitation.

Our forecasts and warnings of the great storms of June and July were timely, and in a general way, correct. We had important success in predicting that rains would decrease in the spring wheat country and increase in the Eastern cotton states during July.

Next warm wave will reach Vancouver about August 14 and temperatures will rise on all the Pacific slope. It will cross crest of Rockies by the close of the 15th. Plains sections 16, meridian 90; Great Lakes and Ohio valleys 17, Eastern sections 18, reach Newfoundland near the 19th. Storm wave will follow about one day after warm wave, and cool wave about one day after storm wave.

This disturbance will be most severe in Eastern sections, and the cool wave following it will make a great change in temperatures. It will begin a long period of wet weather, particularly in Southeastern sections, but not excessive till later in the month.

Our readers are advised to keep off the Middle and South Atlantic coast, Gulf of Mexico and Caribbean Sea from August 24 to September 2. If we get the hurricane you will get news of it not later than September 2. Some of the U. S. Weather Bureau officials have requested newspapers not to publish our warnings of these dangerous storms, but we believe we did the right thing in giving out our long-in-advance warnings of the five great storms that occurred between June 15 and July 20.

## PROHIBITION ELECTION SABINE COUNTY

After Several Years in the "Dry" Column Anti Are Trying to Vote The County Wet.

(By Associated Press)

Bronson, Texas, Aug. 5.—Voters in Sabine County are participating in a local option prohibition election today, to determine whether the county shall remain "dry" or whether it shall return to the "wet" column after a number of years' absence. The election was called by the commissioners' court on July 20.

Present indications are that a heavy vote will be polled.

## STATE COLONY FOR FEEBLE MINDED

Contract Will Be Awarded in Next Few Days for Buildings—\$50,000 Available for Colony.

(By Associated Press.)

Austin, Texas, Aug. 5.—A contract will be awarded within the next few days for the establishment of a state colony for the feeble-minded in Texas. The last legislature made an appropriation of \$50,000 for this purpose.

A 100-acre tract about two miles from Austin and near Camp Mabry has been selected for the colony.

The home is expected to accommodate about 500, some of whom will be removed from the state insane asylums. An effort will be made to make the inmates of the colony self-supporting by requiring them to work on the land, raising products suitable to this section.

## ORPHAN HOME BENEFIT.

The young ladies of the Y. W. A. will serve cream and cake on Carnegie library lawn Saturday afternoon from 5 to 7, benefit Buckner's Orphan Home at Dallas. The terrible typhoid epidemic through which the Home is passing, makes its needs urgent in the extreme, and all the friends of the Home and the public generally are asked to assist by patronizing the young ladies Saturday afternoon. You could not help a worthier cause.
